

The Most Cost-Effective Fine Pitch Solution

Leyard MGP Series fine pixel pitch LED video wall displays offer organizations a seamless, high resolution visual experience, at a value similar to a tiled LCD video wall, ideal for traditionally budget-conscious markets. The video wall displays are available in 1.2, 1.5 and 1.8 millimeter pixel pitches.

A Seamless Alternative

Tiled LCD video walls have long delivered an affordable large canvas with high resolution that works well in many applications. However, many viewers struggle to see past the bezels – even when they're narrower than 1mm – which can disrupt on-screen content and tarnish the visual experience. Leyard MGP Series' attractive price point lets organizations upgrade from legacy tiled LCD technology to a large, seamless LED canvas that offers similar resolution and brighter images, without the bezels.

The Right Resolutions

The Leyard MGP Series cabinets feature a 16:9 aspect ratio that enable each pixel pitch to achieve popular resolutions including Full HD and 4K. The displays can also be configured to form video walls of other shapes, for a wider range of applications. With fine pixel pitches, the video walls excel in environments with viewing distances as close as 7' (2.1m).

- Available in 1.2, 1.5 and 1.8mm pixel pitch
- Seamless LED video wall for tiled LCD value
- 16:9 aspect ratio for Full HD or 4K resolution
- Lightweight 27" cabinet with mounted profile <4"
- Front installation and serviceability
- Pre-packaged Leyard MGP Complete video wall displays available in 108" 136" and 163" sizes
- Made in Europe

Thin is In

Leyard MGP Series' 27" cabinets feature front installation and serviceability, enabling users to mount them directly to a wall. A thin mounted profile of less than 4", makes it a viable option for installation in more and smaller environments than other video wall solutions.

Leyard MGP Complete: Off-the-Shelf Video Walls

If creating a video wall seems like too much, consider a pre-packaged Leyard MGP Complete™ Video Wall. It reduces the time, complexity and cost of designing and installing a video wall because we've packaged everything in one complete solution. Simply select the Full HD video wall size that best suits the environment and application, and receive the ideal LED display cabinets, video controller, cables, spare modules and wall mounts, all included. Available in 108", 136" or 163" diagonal sizes.

LEYARD MGP SERIES SPECIFICATIONS

Model	MGP1.2	MGP1.5	MGP1.8
Pixel Pitch	1.25mm	1.56mm	1.88mm
Resolution	480 x 270	384 x 216	320 x 180
Cabinet Size (W x H x D)	600 x 337.5 x 53mm 23.62 x 13.29 x 2.09in		
Cabinet Diagonal	688.4mm 27.1in		
Cabinet Area	0.2025m ² 2.18ft ²		
Modules/Cabinet (WxH)	4x1		
Module Size	150x337.5mm 5.91x13.29in		
Power Consumption, Maximum (watts)	100/Cabinet 500/m ²		
Power Consumption, Typical (watts)	35/Cabinet 175/m ²		
Line Voltage	100~240V AC, 50/60Hz		
Cabinet Weight (per display)	6.08kg 13.39lbs		
Cabinet Weight (per square metre)	30kg 66.12lbs		
Brightness Max, Calibration On (cd/sq)	600		
Contrast Ratio	5000:1		
Brightness Uniformity	≥98%		
LED Refresh Rate	3840 Hz		
Frame Rate	50 / 60 Hz		
Colour Temperature, Adjustable (k)	3000 - 10000		
Viewing Angle (Horizontal/Vertical)	H: 160° , V: 140°		
Environment	Indoor		
Service Access	Front, Rear		
LED Lifetime, Typical	100,000hrs		
Storage Temperature/Humidity	-30° to 60° C -4° to 140° F / 10-85% relative humidity, non-condensing		
Operating Temperature/Humidity	-20° to 40° C -14° to 104° F / 10-85% relative humidity, non-condensing
