- Training opportunities
- Immediate full-time start
- You will be employed by our subsidiary Planar SAS

Have we sparked your interest? We look forward to receiving your resume via email at hremea@leyardgroup.com.

Leyard Europe is the European subsidiary of Leyard Optoelectronics, the global market leader in fine pitch LED products. Leyard's visualization solutions include first-class LED products for indoor and outdoor applications, professional LCD products from Planar as well as DLP cubes, video wall controllers and software from eyevis. With approximately 200 employees in Europe, not only at our production sites in Presov (Slovakia) and Reutlingen (Germany), we are able to offer customers in our region a wide range of display solutions "Made in Europe" for applications ranging from control room, corporate and broadcast to digital signage and events.
