

Leyard UC Complete LED Displays for Hybrid Workplaces

Revolutionising Corporate Communications

Leyard Europe UC Complete LED Video Walls greatly enhance hybrid meetings providing a digital canvas with life-sized, high-resolution video conferencing windows and document sharing.

Offered in 21:9 and 32:9 wide aspect ratios, the seamless LED Displays are ideally suited for popular unified communications such as Microsoft Teams with its front row layout, and can support comfortable viewing distances from as close as 1.5 metres.

Available in 151", 196" & 205" sizes.
Models with 21:9 or 32:9 aspect ratio.
Fit for application video processing

LED video wall & mounting structures
made in Europe

Everything Included (cabinets, video processor, wall mounts with finishing trim, cables, spare parts)

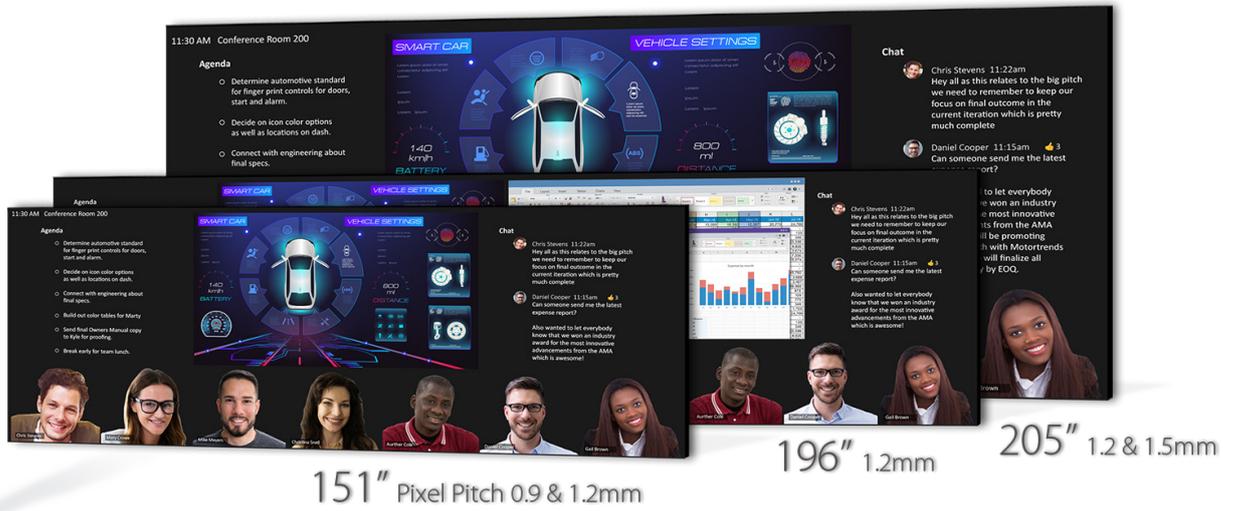

Comes with Leyard Europe EverCare™ Lifetime Warranty

A Display for Every Need

Leyard Europe UC Complete video wall displays deliver organizations a packaged LED solution without the need to collect or configure individual elements. Simply select the video wall size and resolution that best suits the room and viewing distance, and receive a complete modular display solution to be used with certified Microsoft Teams Room devices or other unified communications platforms.

Model	Diagonal Size	Aspect Ratio*	Pixel Pitch (mm)	Resolution	Dimensions
UC Complete 21:9 XHD151	151" / 384cm	21:9	0.9	3840 × 1440	3.6m x 1.35m
UC Complete 21:9 MHD151	151" / 384cm	21:9	1.2	2880 × 1080	3.6m x 1.35m
